

Mission Tomorrow Bus Directions and Parking

All buses enter at Service Gate.

All buses except those with students eating lunch at the Raceway will proceed to Student Dropoff spot (red arrows). After unloading students, buses will be directed to a designated parking lane within Bus Parking. A volunteer will board the front bus from a school to ride to the correct parking lane. All other buses from the group should follow behind the lead bus and park in a straight line, directly behind the bus in front. Generally, buses will be parked along the length of a row of car parking spaces.

Buses with students eating lunch at Richmond Raceway, follow green arrows to Lunch Dropoff spot. After unloading students, buses will be directed to a designated parking lane in Bus Parking.

After exhibits, students will walk to buses in their designated parking lane. Once students are loaded, buses exit Raceway by Main entrance.
