

ABOUT YRICHMOND:

ChamberRVA offers YRichmond, an internship engagement experience, to employers around the region each summer. This program connects interns at dozens of different companies with each other and provides an enriching introduction to RVA and all it has to offer.

This summer, interns will explore what it's like to live, work, play, and engage in RVA by:

- Connecting with Richmond's history and organizations serving the community
- Cheering on local RVA sports (#gonutz)
- Meeting local young professionals and learning valuable life skills
- Exploring Richmond's outdoor, music, and arts scene

"I didn't know what to expect from Richmond at first, and didn't think I'd like the city life. Now, I can definitely see myself staying here after I graduate!"

"I enjoyed spending additional time with my coworkers outside of the office. The activities were a fun way to strengthen those ties".

"The YRichmond events showed me that there is support here for young professionals and that the city can be a fun and vibrant stepping stone for me after graduation."
