Dear Selection Committee:

I am writing once again this year on behalf of the nomination for Larry Page for Henrico County Leader of the year. He is an unsung philanthropic hero to many of us in Central Virginia.

Often it is thought that the purest form of giving is doing so without fanfare or attention to oneself, with the spirit of giving to help and change lives. Larry Page epitomizes this spirit. He is generous, quiet in his giving, and allows his heart to lead his checkbook.

Similar to most other visible business owners, it is likely that Larry attracts lots of attention from volunteers and staff who desire his support and that of Page Auto Group. However, not similar to most other business owners, Larry takes the time to personally meet with many if not most of us, and support our requests when he can. World Pediatric Project is blessed to count Larry Page as a generous contributor and friend for many years. For WPP, this support has translated into dozens of additional children to receive lifesaving surgery otherwise unavailable to them.

Beyond his personal intrinsic sense of giving back that permeates his philanthropy, Larry also leads by example, encouraging other business and philanthropy minded individuals to make Richmond, and the world around us a better place to live.

We are proud to offer our support for this nomination of Larry Page for Henrico Community Leader of the Year Award. Without doubt, he will not expect this recognition, or even be completely comfortable with the attention. But, he certainly is very deserving.

Sincerely,

Susan Farley  
Senior Vice President
