RE: IMPACT Award Application 2017

Dominion Due Diligence Group (D3G) is proud to present this application to the Greater Richmond Chamber for consideration of the 2017 IMPACT Award. As you will see within this application, D3G supports our employees and the greater Richmond area in every one of the Chamber's defined criteria.

Our company has been a quiet, but ardent supporter of Richmond and its surrounding communities since our inception in 1994. As we near our 23rd anniversary in business, we are proud of the fact there is a direct correlation between our growth in size and revenue and giving back to our employees and community. We measure our successes by the engagement and happiness of our employees; as well as the good we do in this country in the realm of affordable housing. And these successes could not be possible without both a great employee base and a community in which to nurture and ever-growing business.

We hope that our application demonstrates our love for our employees, our clients and most of all, our hometown! Should you have any questions, please do not hesitate to contact me at (804) 237-1900.

Sincerely,

Robert Hazelton
President
