Ashland, VA 23005

Dear Bob and Creative staff,

The staff of Restoration Church wishes to sincerely thank you for the use of your mezzanine space to house the church office for the past four years at no charge. As a new church plant, you came to our rescue and showed us such grace and love in a time where we were struggling to meet all the needs of a new church and its staff. We have been able to repurpose the money that we would have spent for rent and utilities over this time to further God's kingdom and, as a result, we have been able to donate 20% of the church budget to missions and ministries locally and across the globe. Countless people have heard about God and His love because of your generosity!

The kindness of your staff and the attractive office space made our time at Creative enjoyable and productive. You went above and beyond to help us when we moved into our new office space a few weeks ago, particularly by providing us much-needed office furniture and bookcases. We will be forever grateful to you and your company. Creative is a great example of a company that is willing to spend the time and effort needed to support the surrounding community.

Sincerely,

Carrie Dugai  
Business Administrator,  
Restoration Church
