RE: Cobb Technologies

As a busy independent financial planning firm, we rely heavily on our Konica equipment to keep our business processing efficient and our printed marketing pieces looking professional. We have been working with Cobb Technologies for over 8 years and could not be happier with the quality of their equipment and the excellent service they provide. The few times we have had to make a service call, Cobb responded immediately and got us back up in running with little down time. If you are looking for a truly locally owned, family run business that is passionate about what they do, look no further than Cobb Technologies. I highly recommend them.

Sincerely,

A handwritten signature in black ink, appearing to read "Erica Lucke", written over a horizontal line.

Erica Lucke
Director of Operations
